## Allpa ORIGINS

Allpa is a Fair trade company established in Peru since 1986.  
We export hand made products manufactured by skilled peruvian artisans  
and our alpaca garments are of the highest quality.

## Lookbook 2021-2022

This is our new lookbook composed by alpaca garments and accessories. It is a great journey for us to design timeless cardigans, sweaters and shawls that can be used for long time, made under a sustainable philosophy. This new collection is produced under fair conditions by our knitters and with the idea of bringing classic knits using one of the finest and softest fibers of the world. It will provide you comfort, warmth, elegance and a sense of refinement.

This is the spirit of Allpa Origins working with our gold of the Andes.

# Natural tones

Inspired by the Andes

In this new collection we are using natural colors of alpaca, from ecrus to shades of browns and beiges, but also combinations with warmer colors according to existing trends in the market.

# Through the fiber

The endless variety of alpaca knitwear

We use a variety of alpaca yarns produced by local mills who handle top technology to bring 100% alpaca and blends with merino, silk, baby alpaca and specialty yarns.
