Peruvian Organic Foods

## ABOUT US

ELISUR ORGANIC is a Peruvian company founded to improve the economic conditions of farmers in the central jungle of Peru, committed to the generation of added value and encouraging the industrialization of agricultural products for export.

ELISUR ORGANIC is made up of producers with more than 14 years of experience in the production of ginger and turmeric and specialists in export and quality agrosystems to generate sustainability.

In addition, the company has trained in organic production farmers who come year after year to certify their crops.

Our certifications guarantee our work and production, assuring the international quality of our products.

Our company is committed to the development of responsible business practices and good environmental care and social contribution. Our productive approach is reinforced by working directly with farming communities where the use of raw materials is based on the sustainable harvest.

## OUR PRODUCT

### 1. ORGANIC FRESH GINGER (HIGH VOLUMEN PRODUCTION AVAILIBLE FOR JUN-FEB)

Our Peruvian Ginger has an elevated concentration of essential oils and an intense flavor and spiciness that makes it incomparable and highly valued.

Ginger is well known worldwide by it's great medicinal and culinary properties. Having several countries in the world where ginger grows, the exceptional Peruvian rainforest mountain soil and complex mixture of climates makes this product have a particularly unique flavor and exceptional taste.
